SUMMARY

Telecommunications and Electronics Engineer but I have always been passionate about the world of programming. I am self-taught and through online courses it has allowed me to study and get good programming logic. I can't wait to put everything I've learned into practice. I have full-time availability and I emphasize that I am a dedicated and sociable person. Always willing to improve my training and knowledge. I like teamwork and I am able to adapt easily. Ability to analyze and solve problems.
